kumomai SOFTWARE

CAPABILITY STATEMENT

APPS · AUTOMATION · ERP INTEGRATION

# Business software that holds up in production.

SBA-certified SDVOSB and HUBZone Microsoft-stack consultancy. We help operations, finance and HR teams move off spreadsheets and manual processes onto secure apps and automated workflows, integrated with your ERP and maintainable by your own people. You work directly with a senior principal, start to finish.

SERVICE-DISABLED VETERAN-OWNED CERTIFIED

HUBZONE CERTIFIED

## CORE COMPETENCIES

### 01 Power Platform apps & automation

Power Apps and Power Automate flows that take manual work off people's plates: multi-step approvals, notifications, document routing and scheduled reports, with the environment strategy, ALM and governance that keep citizen development from turning into shadow IT.

`Power Apps` `Power Automate` `Approvals` `Dataverse` `ALM`

### 02 .NET application development

Line-of-business applications and services in C#, ASP.NET Core and SQL Server, with Angular front ends. Source control, code review, tests and CI/CD from the first commit.

`C#` `ASP.NET Core` `SQL Server` `Angular`

### 03 Enterprise integration

Reliable, monitored data flows between JD Edwards EnterpriseOne, Databricks and the rest of your stack, so people stop re-keying data and exporting spreadsheets.

`JD Edwards E1` `Boomi` `REST APIs` `Databricks`

### 04 AI enablement

Natural-language assistants grounded in your own data, plus practical standards for AI-assisted development and protecting sensitive information.

`Data assistants` `AI-assisted dev` `Governance`

### 05 Engineering practice & security

Git workflows, code review, Azure DevOps pipelines, and role-based, least-privilege access through Entra ID security groups.

`Azure DevOps` `CI/CD` `Entra ID` `RBAC`

## COMPANY DATA

LEGAL NAME
Kumomai Software, LLC

LOCATION
California · remote, US-wide

STATUS
CA SB (Micro), DVBE · DGS 2056183
SBA-certified SDVOSB · VOSB · HUBZone

UEI · CAGE / NCAGE
UEI ET2VXA37N613 · CAGE 26CB0

NAICS

541519 · 541611

PSC
DA01 Application development support

CERTIFICATION
Microsoft Certified Professional

## DIFFERENTIATORS

- **Senior, hands-on delivery**
  A senior principal delivers the work directly, start to finish.
- **Accountability to zero discrepancies**
  Twelve years of US Army and munitions logistics: clear scope, honest status.
- **Built to hand over**
  Built in your tenant and repos, with documentation and knowledge transfer.

## PAST PERFORMANCE

GLOBAL AGRICULTURE MANUFACTURER

### Low-code to code-first modernization

Architected and led migration of the organization's largest production applications from low-code to code-first .NET, improving scalability, maintainability and supportability.

.NET · SQL SERVER · ENTRA ID

GLOBAL AGRICULTURE MANUFACTURER

### ERP and data-lake integration

Designed integrations connecting JD Edwards EnterpriseOne and Databricks through Boomi and REST APIs, cutting manual workflows and improving cross-system reliability.

JD EDWARDS E1 · BOOMI · DATABRICKS

GLOBAL AGRICULTURE MANUFACTURER

### Multi-department approval automation

Built Power Automate flows that route requests for approval through several departments in sequence, one of many flows automating routine business processes across the organization.

POWER AUTOMATE · APPROVALS · WORKFLOW

US ARMY TEST & EVALUATION

### Radio-frequency deconfliction system

Delivered the organization's first .NET Core application end to end: a reservation and deconfliction system for radio frequencies across concurrent test events.

.NET CORE · ANGULAR · SQL SERVER

**Mathew Yamasaki**
PRINCIPAL · KEY PERSONNEL
